

FACULTY OF MEDICINE,
KHON KAEN UNIVERSITY

4th KKU

ACE

4th Khon Kaen University's
International Challenge
on Emergency Medicine
and Related Basic Science
29 March 2019- 2 April 2019

What is KKU ICEM?

“KKU ICEM” is an Emergency Medicine competition where medical students around the globe come and compete to become “*the best of Emergency Medicine*”. More importantly, we will create unforgettable memories together and experience beautiful cultures from different countries.

“Emergency Medicine”

Emergency Medicine is the speciality concerned with unscheduled patients requiring immediate medical attention. All the actions must be done with skill and experience and in a limited time, in order to save lives. Hence, perfecting these skills is clearly crucial.

“Message from our team”

To our very dear and special medical student friends around the globe, it is our privilege to hold ***the fourth KKU ICEM*** for you to come and compete together to be the best of emergency medicine. Our family is getting bigger and bigger and we are looking forward to welcoming you to be part of our family.

This year, KKU ICEM will provide you with the best ever academic knowledge and fill you with great memories. You will be overwhelmed by the delightful culture of Thailand and by the exchange of cultures between medical students from around the world. The information provided below includes a brief summary of competition rules, important dates and schedules of the event. All food and travel will be provided by the hosts.

We promise you the most memorable experience at the 4th KKU ICEM.

You all are invited!!

Faculty of Medicine, Khon Kaen University

*We are the first
medical school
in the northeast
region of Thailand,
and the leading
academic center.
The faculty was
established on the
9th of September 1972
and provided one of
the largest hospitals
in Thailand,*

*Srinagarind Hospital.
It is the main tertiary
medical referral centre
for Northeast Thailand
— a modern and
prestigious hospital.*

The hospital also has a worldwide reputation for its treatment of cholangiocarcinoma, thalassemia, melioidosis, renal calculi, and cleft lip/palate restoration as well as its dynamic community outreach.

“World class medical school that brings value to Thai society and all mankind”

– 2nd April, 2019*

COMPETITION

“The team with the highest score will be the winner of 4th KKU ICEM.”

Competition

The competition will be held in the following format:

- Qualifying round
- Semifinal round
- Resuscitation round
- The final

Semifinal round

All qualifiers will be divided into 3 groups.

The winner from each group will advance to the finals.

All teams will compete in writing short-answer questions.

The Final

1. Oral short-answer questions
 2. OSCE (clinical skills in emergency conditions)
- 4 Teams will compete in an examination composed of 2 sections (3 teams from semifinal round, 1 team from resuscitation round).*

Qualifying round

In this round, teams will compete in a two-part test, which will be taken individually:

1. Multiple-choice questions
2. Written short-answer questions

The 15 teams with the highest scores will advance to the semifinal round.

Resuscitation round

First and second runners-up of each group will be given a second chance. The team winning this round will advance to the final.

Oral short-answer question will be used in this round.

TEAM MEMBERS

Each team must consist of 4 members who are medical students. One advisor is optional.

There is no limit to the number of teams who can apply from each medical school.

■ Only *medical students* are eligible for the competition. Medical students, either in preclinical or clinical medical years, are allowed to apply for the competition.

■ The competition contains clinical exam, so medical students in clinical years will be preferred.

■ Only the members mentioned above can attend the competition. Other individuals can apply as an observer.

FEE

Early bird registration fee

*480 US dollars/15,000 Thai baht
(40\$ discount)*
